SPACE INVADERS®

Silver Anniversary Edition

Join Us in Celebrating
SPACE INVADERS Silver Anniversary!
The game that caused a national shortage of coins in Japan is back!

- Move your laser base left or right along the bottom of the screen and shoot the endless waves of aliens descending toward you. Their relentless march quickens as fewer and fewer aliens remain. Shoot the flying saucer for bonus points. Enjoy the same great game play as the original!
- PLUS... Players can also play the simple but addictive QIX game! Use your marker to draw and fill 75% of the screen. Watch out for the spinning Qix and the nasty Sparx!
- Another Classic gaming combination brought to you by Namco America
